OFFICE OF THE CHAIRMAN,
City Improvement Trust Board,
Dated, Bangalore, the 16th May 1948

To

SYED ABDUL ALEEM, ESQ ,B.A.,
Secretary to Government,
Revenue Department,
BANGALORE

Sir,

Subject - Proposals for additional Engineering establishment required for executing several Schemes undertaken by the Board.

I have the honour to invite kind reference to this Office letter No.3373 dated the 9th June 1947 submitting for sanction of Government the proposals made by the Engineer - Officer attached to the Board for additional establishment - which was considered to be absolutely necessary In the proposals made he had asked for two more Assistant Engineers - and 5 Surveyors with necessary menial and clerical staff. The Government in their letter No L.2161/M1 dated 7th August 47 observed that it would be enough for the time being if another - Sub Division with necessary staff viz , One Assistant Engineer, Two Surveyors or Overseers and 6 =Sub Overseers, with necessary clerks and menials was sanctioned in addition to the - existing staff and that if however any large works that could - not be managed by the staff had to be sanctioned during the - next year, necessary provision for any special staff may be - made in the Budget of the Next year. Accordingly the appointment of the marginally noted additional establishment was approved by Government, pending,

1 One Assistant Engineer.	
2.Two Overseers.	
3.Six Sub Overseers	
4 Two clerks.	
5 Two peons.	

P.T O

pending the issue of formal orders of Government sanctioning the entertainment of this establishment. Except the Assistant Engineer and one Sub Overseer, the entire additional staff has been posted by the Chief Engineer for Irrigation as per your letter No.L.10368/M1.13-47-24 dated the 20th October 47 to him (copy sent to me for information).

2 Now the Engineer Officer feels that the amount of work to be handled is so large that it is not possible for the two Assistant Engineers(of whom one has not yet joined duty) sanctioned, to cope with and that the appointment of another Assistant Engineer with necessary clerical and menial staff is absolutely necessary in view of the fact that the Kankanpalya Extension Scheme costing about 75 lakhs of rupees, the Industrial Suburb Scheme, Kumara Park West Extension Schemes and other Schemes have already been sanctioned by Government and some more important Schemes are under the active consideration of the Board and have to be pushed through vigorously. Copy of the Engineer Officer's report dated 2-4-48 explaining the need for the additional staff is enclosed for reference

3 In connection with the preparation of plans and estimates for the proposed Vyalikaval and Palace-Guttahalli layout Schemes which were referred to the Engineer Officer as per Resolution of the Board dated 8-4-48,the Engineer Officer explained that it was not possible to attend to the several proposals coming up before the Board from time to time without adequate establishment and that the establishment proposed by him was the minimum and that it may be sanctioned. This was placed before the Board at its Special meeting held on 16th April 1948 when it was resolved -

"That the Establishment asked for was very necessary and that Government be requested to sanction the same immediately."

Subsequent to the meeting, ~~dated~~ on 10th May 1948, the Engineer Officer has submitted a Memo of his requirements of the additional staff as being the absolute minimum required and has requested sanction thereto A copy of his memo dated 10-5-1948 is also enclosed for favour of reference. According to this, the additional staff asked for is one Assistant Engineer, 2 Overseers, 6 Sub Overseers, 2 Clerks and 2 Peons in addition to those ordered to be posted in your letter No L 10368/M1/13-47-24 dated the 20th October 1947 addressed to the Chief Engineer for Irrigation in Mysore, Bangalore

I request that sanction of Government may kindly be obtained to the entertainment of the additional Engineering Establishment as resolved by the Board read with the Engineer Officer's memo dated the 10th May 1948 referred to above Provisions will be made to meet this extra cost in the Budget of the Board

A proposition statement in this behalf is also enclosed.

Formal sanction of Government may also be kindly obtained and communicated to the additional staff already posted and to be posted to this office as per your letter No L 10368/M1 13-47-24 dated 20th October 1947 addressed to the Chief Engineer.
